

# BED SPEAKER INTRO

## THANK YOU

**Thank you BEDucators for taking on the VERY brave role of signing up to do talks at Burning Man! We just rolled out our new online curriculum so we can reach more camps and allow more volunteer BEDucators across the playa to promote the message of our 11th Principle of Consent! This is a huge movement and your participation is keeping the traction alive.**

"Previous incarnations of our campers have hosted BED talks in 2017 and 2018 - which we've found insightful and valuable. We are part of a hub of five camps and would intend to invite our neighbors as well. Please let me know any additional information you may need. We look forward to seeing you in the dust!"
